

## ◆ Server Rack Guidebook

If you would like to order 19-inch racks, Please see 6 items below.

Quick selection Chart is on P.8

① Rack's Dimensions (U)

② Front/Rear door

③ Top Panel/Side Panel/Bottom panel

④ Color/Coating

⑤ Other specification

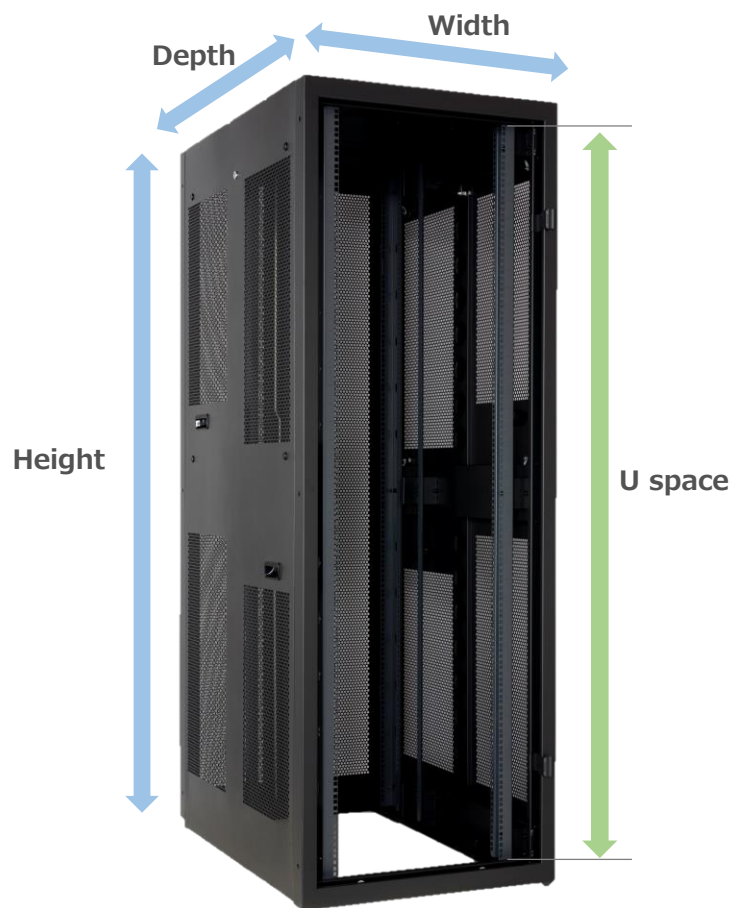

⑥ Extra

Chart on P.8

# ① Rack's Dimensions (U)

Select Rack's Dimension you want.

◆ **Standard Model** ★ We basically provide racks had ★size

Height [mm] (U)	Width[mm]	Depth[mm]
450 (8U)	600	850
600 (12U)	700 ★	900
700 (14U)	800	1000 ★
1250 (25U)		1100 ★
1750 (37U)		1200
1800 (38U)		
1900 (40U)		
2000 (42U) ★		
2200 (47U) ★		
2300 (49U)		
2800 (60U)		

◆ **Notes**

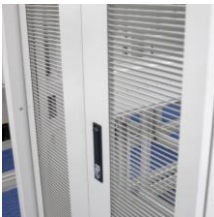

- It is possible to install network equipment with 600mm width. However, there would not be enough spaces between side panel and mounting rails in this case.
- **Feel free to ask, if there is no dimensions you'd prefer on the chart.**

## ② Front/Rear door

Select front door and rear door according to a ventilation method, a situation around racks and etc.

◆ **Front/Rear Door**    ★ standard types

<b>Door type</b>					
	Closed doors Airflow from bottom to top.	Acrylic window type Airflow from bottom to top.	Open door type★ Airflow from Front to Rear.	Honeycomb type Aperture ratio around 80% Airflow from Front to Rear.	Fin windows type Airflow from Front to upper part of rear.
<b>Split type</b>					
	Single door type★ Standard of Front door.	Double Door type★ Standard of Rear Door.	split type Options: split in two, four and eight. This choices are only for "H series".		

## ③ Top Panel/Side Panel/Bottom panel

Select Top panel, side panel and base according to a ventilation method, a situation around racks and etc

### ◆ Side panel

Blank★	It would depend on ventilation system
Holes	
Window for cabling	

Blank★

Holes

### ◆ Top panel

Blank	
Holes★	
Fan unit type	※select specifications below <ul style="list-style-type: none"> <li>• Voltage</li> <li>• Outlet</li> <li>• length of cables</li> </ul>
Window for cabling	

Fan unit type

### ◆ Bottom panel/ Base

None ★	Standard type is no panel or base.
Bottom panel	If you need to close the bottom.
casters	Leveling feet Heavy-duty casters

Heavy-duty casters

## ④ Color/Coating

Select Color and Coating.

### ◆ Color

Ivory★	Standard 1
Black★	Standard 2
Custom color	Feel free to ask us please.

### ◆ Coating

Flat-finishing★	Smooth
Satin-finishing★	Rough

Ivory★

Black★

### ◆ Color mounting rails

**Reccomendation !**

It is possible to improve the management efficiency by distinguishing racks.

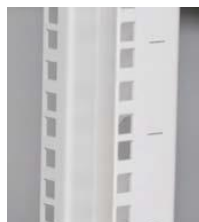

## ⑤ Other specification

Select some specifications below.

### ◆ Mounting Rails

Type	Square-punched mount★
	Hole pattern
Mount Unit description	None★
	Described

<Type>  
Square-punched mount★

<Description>

<Type>  
Hole pattern

<Description>  
Described

### ◆ Key type

Type	Keyed lock★
	Dial lock (special order)

Keyed lock★

### ◆ Seismic load We can specify rack-series based on required seismic load

Seismic load	300kg/400kg★/500kg/600kg/800kg/1000kg ※ Please contact us
--------------	--

Seismic test

## ⑥ Extra

These are not standard type but feel free to contact us. We can tailor the products from scratch.

### ◆ Corporate Logo

### ◆ Custom structure based on the purpose

Slim type.

Dustproof box.  
Waterproof box.

Small rack for Audio equipment.

Rack for onboard system.
